

Random networks with 100 nodes and 4.6% connection probability
1000 samples. Contours: Kernely density estimate

Random networks with 100 nodes and 9.2% connection probability
1000 samples. Contours: Kernely density estimate

Random networks with 1000 nodes and 0.7% connection probability
1000 samples. Contours: Kernely density estimate

Random networks with 1000 nodes and 1.4% connection probability
1000 samples. Contours: Kernely density estimate
